# BTEC Higher National University Recognition

January 2019

BTEC Higher Nationals have been developed in line with HE expectations, and are equivalent to the first and second year of a UK undergraduate Honours Degree. We work with a number of universities around the world to recognise and accept BTEC Higher Nationals as a qualification for entry onto an undergraduate degree. Many universities now allow advanced entry onto the second or third year of a degree.

Students should be aware that university admission criteria is always subject to change and understand the course entry requirements for subject, year and grade before applying.

Please find below the universities that recognise BTEC Higher Nationals. The universities highlighted in bold have direct articulations on to the second or third year of a Bachelor's degree programme with Pearson Higher Nationals.

For more detailed information on entry requirements, including 2+1 articulations, please visit:
